Unique Offerings

Go Global! The PC MBA Program offers global opportunities that complement and equip students with the skills needed to lead anywhere in the world. PC MBA students are encouraged to take advantage of the international experiences and global project management options that have included Global Management in Paris, France and Global Luxury Brands in Milan, Italy. In addition, global management consulting projects have included a data security initiative with Edinburgh Napier University (ENU) School of Computer Engineering, Scotland where ENU students developed the software and PC MBA students managed the process. This year, PC MBA students will work as project leaders with IGT on a human computer interaction analysis.

MBA Program: PC's MBA Program offers a high-quality education delivered by faculty and industry practitioners who are at the top of their academic and professional fields. This provides students with both the knowledge and practical experience needed to be competitive in today's workforce. The program has a reputation of helping job seekers enhance their careers while also achieving their educational and personal goals.

PROGRAMS OF STUDY INCLUDE

- **Part-time MBA:** Designed for working professionals who need flexibility to continue their education.
- **Full-time MBA:** Designed for anyone interested in pursuing their education full time in an accelerated one-year or two-year program.
- **4 + 1 MBA:** Designed for Providence College undergraduate business majors to obtain their MBA in 13-14 months. This innovative program enables PC students to be accepted into the MBA Program while still pursuing their bachelor's degree, putting students on the fast track for an MBA.
- **Accounting Cohort:** Designed for students with a background in accounting to complete an MBA in 13-14 months full time. This program allows students to take courses together, in a cohort model.

CERTIFICATE PROGRAMS

Micro MBA Certificate Program: 10 week rapid foundational education program helps people synthesize and integrate ideas and information across a variety of important business concepts from accounting to finance to information technology and marketing.

Change Leadership Management Certificate Program, (CLM): Three management courses are taken alongside current MBA students and taught by top faculty and corporate executive fellows. The students who successfully complete the certificate program may apply for expedited admission to the MBA Program and may apply the three courses towards their MBA degree.

Mini MBA Certificate Program: 10-week mini MBA certificate program designed with the help of practicing attorneys to provide up-to-date business education. The program provides the tools to improve client service, marketing, and management of a better practice. Meets requirements of 16 general and 4 ethics CLE credits.
