

**John R. McCarthy '86**  
President & CEO  
Mainline Information Systems

John McCarthy is a seasoned executive with more than 25 years of experience leading successful organizations, with a particular focus in the technology sector including hardware software and services organizations. His areas of expertise include operational management; organizational efficiencies; and shaping and managing companies that comprise direct, indirect, and OEM channels.

McCarthy has helped drive innovation in these various technology companies, as a senior executive, a sales leader, advisor and/or board member. He has served with companies such as EMC Corporation, StorageApps, Hewlett Packard, CNT, McData, Yahoo (Hotjobs), and Virtual Iron (purchased by Oracle in 2209).

Currently, McCarthy is President and CEO at Mainline Information Systems, a \$750 million dollar nationally recognized solution provider with a certified team of sales and technical professionals specializing in numerous technical solutions focused on storage, servers and business analytics. McCarthy currently sits as an operating partner with Stripes Group, a private equity firm and a board member for Nasuni, a storage startup based in Boston. McCarthy graduated, with honors, from Providence College with a BS in Marketing in 1986.
