

Jeff Conroy '88
Founder & CEO of Embody

Embody is a sports medicine company developing collagen-based implants to treat tendon and ligament injuries such as rotator cuff, Achilles and ACL. Embody has been funded by DARPA and AFWERX based on the needs of elite warfighters such as US Navy SEALs. Embody is creating a new standard of care for soft tissue injuries. Jeff joined Abbott Laboratories upon graduation from Providence and has spent 25 years as an entrepreneur in biotechnology and medical devices. Jeff lives in Vienna, Virginia, is married to Jennifer and has two daughters, Maddy and Mary. Jeff is proud to support the PC in DC Program and enjoys encouraging entrepreneurship in the Providence College community.
